PAF Accounts Branch - Initial Test Experience

Alhamdulillah! Cleared the Initial Test – PAF Accounts Branch

I recently passed the **initial test** for the **Pakistan Air Force (PAF) Accounts Branch**, and I'd like to share my experience to help others preparing for the same. Overall, the initial test was **easy and basic**, but the real challenge lies in the **ISSB**.

Here are some **helpful hints** for the initial test:

Intelligence Test:

- **Time management** is crucial—**attempt as many questions as possible**.
- Focus on completing the test quickly and accurately. Prioritize the easier questions first.

Subject Test:

- **Key topics** to focus on:
 - **Audit**
 - **Human Resource Management (HRM)**
 - **Cost Accounting**
 - **Management**
 - **Business Research and Taxation**—a few questions related to these topics were included.

Final Thoughts:

- The **intelligence test** was straightforward if you manage your time well.
- **Preparation for ISSB** will be more challenging, so **start preparing for that** early.

Wishing all the best to those preparing for their **PAF Accounts Branch** test. Stay focused and keep practicing!
