

AFNS Initial Test Experience – 12

Candidate Name: Sana Tariq
Center: ASRC Rawalpindi
Date: 21 August 2024
Result: Passed (Alhamdulillah)

Test Procedure

First, the staff checked all documents. After document verification, we were asked to submit a **300 rupees fee**. Once the fee was submitted, we were allowed to proceed for the test. The test was conducted **on computers** in the testing lab.

Intelligence Portion

The **Verbal and Non-Verbal Intelligence** portion was comparatively easy. Most of the **verbal questions were from repeated patterns and preparation notes**, especially questions related to series, sequences, and logical reasoning.

Academic Portion

I would like to inform future candidates that the **academic portion was very difficult**. In our hall there were around **40 girls**, but only **8 candidates passed** the test. This shows that the academic section plays a very important role in the final result.

Alhamdulillah, I had prepared the notes very thoroughly, which helped me clear the test successfully.

Academic Questions Asked in the Test

A vein is a vessel that carries blood in which direction?

Answer: Towards the heart

Urine of a diabetes patient contains more than average quantity of which substance?

Answer: Sugar

Pregnant women usually become deficient in which nutrients?

Answer: Isotopes

Preparation Experience

For preparation, I followed structured preparation material and revision sessions. Some candidates prefer **Quick Courses for fast revision**, while others join a **Special Course** or **Complete Preparation Courses** to cover the full syllabus and most repeated MCQs.

Preparation Credit

Special thanks to **Sir Muhammad Faizan** for guidance and preparation support.
