

AFNS Initial Test Today (2 September 2024) – Real Student Experiences & Most Repeated Questions With Answers

Every AFNS test attempt reveals a pattern. Students from different centers often report similar questions and topics. Below are two fresh experiences from candidates who appeared in the **AFNS initial test on 2 September 2024**, along with the most repeated questions they encountered.

Experience 1

Candidate Name: Aiman Raza
Center: ASRC Lahore
Date: 2 September 2024
Result: Passed (Alhamdulillah)

Test Overview

Today I appeared in the AFNS initial test in the morning. I was quite worried because many people said the test had become very difficult. However, with proper preparation and revision of repeated questions, Alhamdulillah I managed to pass.

Verbal Intelligence

Most of the verbal intelligence questions were based on **percentage, days, and basic reasoning patterns**. Some examples included:

- In a class of 1500 students, 1200 are present. Find the percentage of absent students.
- $2 + 2 / 2$
- A train moving at twice the speed of a car type reasoning question

Overall, verbal questions followed very common patterns that appear frequently in AFNS intelligence tests.

Non-Verbal Intelligence

Non-verbal questions mainly required pattern recognition. Several diagrams were shown where a part of the figure was missing, and we had to choose the correct option to complete the pattern. Students who practiced these patterns beforehand could solve them more easily.

Academic Section

"These Past Papers are Collected by Sir Muhammad Faizan (Ex-Airforce Personnel) at EduSmart Academy. If you want to take paid classes for Army, Navy, and PAF courses, contact 03066892208."

The academic portion was quite tough. Many candidates struggled with it because the questions were mainly from **Physics and Chemistry concepts**.

Some questions asked in the test were:

- Picric acid is formed when phenol reacts with nitric acid
Answer: Phenol
- Synonym of Pacify
Answer: Appease
- Opposite meaning of "Sharpened"
Answer: Blunt
- X-rays are produced when a stream of electrons in an X-tube
Answer: Strike the metal target
- A train of mass 8000 kg moving with constant speed has net force equal to
Answer: Zero
- Atom bomb works on the principle of
Answer: Nuclear fission
- The enzyme catalyzing $C_6H_{12}O_6 \rightarrow 2C_2H_5OH + 2CO_2$
Answer: Zymase
- Total pulmonary veins in the human body
Answer: 4
- Acceleration is a
Answer: Vector quantity

Preparation Note

For preparation, I joined a **Quick Course** to revise the most repeated questions and important concepts before the test.

Experience 2

Candidate Name: Mahira Siddiqui
Centers: ASRC Multan / Karachi / Faisalabad
Date: 2 September 2024
Result: Passed (Alhamdulillah)

Verbal Intelligence

"These Past Papers are Collected by Sir Muhammad Faizan (Ex-Airforce Personnel) at EduSmart Academy. If you want to take paid classes for Army, Navy, and PAF courses, contact 03066892208."

The verbal section contained many repeated intelligence patterns such as:

- Days problems
- Blood relations
- Alphabet series
- Percentage questions
- Synonyms and best answer questions

Candidates who practiced repeated verbal questions found this section manageable.

Academic Section (Most Difficult Part)

Academic was the toughest section in this attempt. In some centers, nearly **40 candidates appeared but only around 9 passed**, which shows how important academic preparation is.

Some questions reported by candidates included:

- Reaction in which energy is released is called
Answer: Exothermic reaction
- Synonym of Bog
Answer: Wetland
- India ____ lots of junk food
Answer: Eats
- Direct relation between value and price means the shopkeeper will ____ price
Answer: Rise
- Device that stores electric charge
Answer: Capacitor
- Which is a buffer solution
Answer: Blood
- Study of tissues
Answer: Histology
- Functional unit of lungs
Answer: Alveoli

Additional repeated questions:

- Synonym of Candid
Answer: Sincere
- Hormone level high in parthenocarpy
Answer: Auxins
- Two ice cubes pressed together stick due to
Answer: Hydrogen bonding

Final Advice for AFNS Candidates

Recent test experiences show a clear trend:

- Intelligence questions mostly follow repeated patterns
- Non-verbal requires practice of figures and diagrams
- Academic portion is the most challenging and determines the final result

Students preparing for AFNS should focus on **Biology, Physics, Chemistry, English vocabulary, and intelligence practice** along with repeated MCQs.

For structured preparation and revision, many candidates benefit from guidance and preparation programs offered by:
