

AFNS Initial Test Experience — 31 August 2026

Student Name: Alizay Abid

Centre: Lahore

Result: Alhamdulillah, PASSED

Preparation: EduSmart Academy

I am **Alizay Abid**. I appeared in my **AFNS Initial Test on 31 August 2026 at Lahore Centre**. Alhamdulillah, I successfully passed my initial test.

My overall experience was good. The test mainly consisted of **Verbal Intelligence, Non-Verbal Intelligence and Academic portions**. The intelligence portion required speed and concentration, while the academic portion was mostly conceptual.

For verbal intelligence, there were questions from number series, alphabet series, analogy, odd one out, coding-decoding, directions and basic reasoning. Non-verbal questions included figure series, missing figures, pattern completion and rotations.

The academic portion was a mix of **Biology, Chemistry, Physics and English**. Some questions were very direct while a few were conceptual. These are the **academic questions** I remember:

1. Which of the following is not a unit of pressure?
Answer: $\text{N} \cdot \text{m}^2$
2. Acetone reacts with H_2 to produce what?
Answer: 2-Propanol
3. What is the molecular formula of hydroquinone?
Answer: $\text{C}_6\text{H}_6\text{O}_2$
4. ___ sun rises in the east.
Answer: The
5. What is the fatty insulating layer around a neuron called?
Answer: Myelin sheath
6. He was ___ by the court.
Answer: Hanged
7. Endosymbiotic theory was proposed/developed by whom?
Answer: Lynn Margulis

8. Approximately how much water is present in bone?
Answer: About 20–25%
9. What is the optimum pH of pepsin?
Answer: Approximately 2
10. Which light prevents flowering in short-day plants when the dark period is interrupted?
Answer: Red light
11. Boron is classified as what?
Answer: Metalloid
12. Henry is the SI unit of what?
Answer: Inductance
13. One henry is equivalent to what?
Answer: 1 volt-second per ampere
14. Which part of the neuron carries impulses away from the cell body?
Answer: Axon

Overall, the test was manageable if your concepts were clear. My advice to upcoming AFNS candidates is to **practice intelligence questions daily, revise FSc Biology, Chemistry and Physics concepts, and focus on English grammar as well.**

I prepared with the help of **EduSmart Academy**, especially their AFNS-related practice, academic MCQs, intelligence preparation and student experiences. These helped me understand the pattern and improve my confidence.

All credit for my preparation and success goes to EduSmart Academy and Sir Faizan. Their guidance, practice material and support helped me a lot throughout my AFNS preparation. I am truly thankful to EduSmart Academy and Sir Faizan for their efforts.

Best of luck
