

AFNS TODAY TEST EXPERIENCE – KARACHI CENTER

Name: Fatima Malik

Center: Karachi

Status: PASS Alhamdulillah ✓

Test Date: 27 August 2026

Assalam o Alaikum everyone! Alhamdulillah aaj mera **AFNS test Karachi Center** mein tha aur mera test clear ho gaya. ❤️

Main apna experience share kar rahi hun taake jin girls ka test abhi baqi hai unko test ke level aur academics ka thora idea ho jaye.

Sab se pehle meri advice hai ke **center jaldi pohanchna aur documents complete rakhna**. Verification ke baad computer lab mein test start hua.

Intelligence Experience

Verbal aur Non-Verbal dono Alhamdulillah ache gaye. Verbal mein series, analogy, percentage, alphabet sequence, day/date, blood relations aur basic logical questions thay.

Non-verbal mein mostly **figure series, rotation, missing figure, arrows, odd figure aur pattern completion** tha. Kuch figures mein 2 changes ek sath ho rahi thin, lekin agar practice achi ho to easily identify ho jati hain.

Meri intelligence preparation mein **EduSmart bohat helpful raha**. Jo verbal patterns aur shortcuts practice karwaye gaye thay, unki wajah se questions unfamiliar nahi lage. Non-verbal mein bhi rotation, figure movement aur pattern-identification wali tricks kaafi kaam aayi. Intelligence mein main cheez **speed + practice** hai.

Academic Experience 📚

Academic mein **mixed level** tha. Kuch MCQs bilkul basic thay, lekin beech mein suddenly 2–3 questions kaafi conceptual aur hard aa jate thay. Mere test mein **Physics aur Chemistry ko lightly lene wali bilkul baat nahi thi**.

Biology

Biology mein basic ke sath conceptual questions bhi thay.

- **Which organelle is called the powerhouse of the cell?**
Answer: **Mitochondria**
- **Blood mein oxygen ko mainly kon transport karta hai?**
Answer: **Red Blood Cells / Hemoglobin**
- **Which endocrine gland is called the master gland?**
Answer: **Pituitary gland**

Ek comparatively hard question tha:

- **Human body mein posture, equilibrium aur fine muscular coordination ko brain ka konsa part control karta hai?**
Answer: **Cerebellum**

Biology overall manageable thi agar FSc basics clear hon.

Chemistry

Chemistry mein kuch basic aur kuch properly conceptual MCQs thay.

- **Two atoms sharing a pair of electrons form which bond?**
Answer: **Covalent bond**
- **Earth's atmosphere mein sab se abundant gas konsi hai?**
Answer: **Nitrogen**
- **Avogadro's number kya hai?**
Answer: **6.022×10^{23}**

Hard side par:

- **Graphite mein carbon atoms ki hybridization kya hoti hai?**
Answer: **sp^2**
- **Which symmetrical molecule has zero net dipole moment?**
Is type ka molecular geometry/polarity wala MCQ tha.
- **10^{-8} M HCl solution ka pH kya hoga?**
Ye thora conceptual tha because water ionization bhi consider hoti hai.

Chemistry mein **bonding, hybridization, polarity aur acids/bases** zaroor revise kar ke jana.

Physics

Physics mein bhi easy + conceptual dono type ke questions thay.

The Best Coaching Academy

EduSmart

Official Contact: 03066892208

- **Rate of change of velocity is called?**

Answer: **Acceleration**

- **Rear-view mirror mein konsa mirror use hota hai?**

Answer: **Convex mirror**

Hard questions mein:

- **Universal gravitational constant G ki dimensional formula kya hai?**
Answer: $[M^{-1}L^3T^{-2}]$
- **Light denser medium se rarer medium mein jaye aur angle of incidence critical angle se greater ho to kya hota hai?**
Answer: **Total Internal Reflection**

Physics mein formulas ko sirf ratta na lagana, **units, dimensions aur concepts** bhi zaroor prepare karna.

EduSmart Preparation ❤️

Special thanks to **EduSmart**. Intelligence portion mein jo practice aur concepts karwaye gaye thay unki wajah se verbal aur non-verbal kaafi manageable rahe.

Academic preparation mein bhi EduSmart ke notes aur lectures se basic concepts revise ho gaye thay, especially **Physics, Chemistry aur Biology ke important topics**. Mere liye sab se useful cheez ye thi ke preparation sirf ratta based nahi thi, balkay MCQ solving aur concepts par focus tha.

Candidates ko meri advice hai ke **EduSmart lectures ke sath practice MCQs bhi zaroor solve karein**, because actual test mein speed bohat matter karti hai.

Overall Experience ❤️

Alhamdulillah mera test **PASS ho gaya**. Academics ka pattern mujhe mixed laga — ek question bohat simple ho sakta hai aur uske immediately baad ek proper conceptual question aa sakta hai.

Thank you EduSmart for the preparation and guidance. ❤️

Allah sab AFNS aspirants ko kamyabi de. Best of luck girls! 🍀❤️
